Email: suxafozil@gmail.com

Location: Uzbekistan

Objective

Aspiring cybersecurity student with a strong passion for technology and digital safety. I aim to study at KAIST to acquire cutting-edge knowledge in cybersecurity and contribute to the development of this field in my home country, where cyber defense is still underdeveloped.

Education

Navoiy State Pedagogical Institute Academic Lyceum – Uzbekistan

Expected Graduation: May 2026

Focus: Science and Technology

Participated in English language olympiads

Achievements

Zakovat (Quiz Championship):

- 1st Place in Regional Tournament (Team)
- Qualified for National Championship
- Regular participant in individual quiz competitions

Kickboxing & Martial Arts:

- 2nd Place – National Kickboxing Championship
- 1st Place – Regional Kickboxing Tournament
- 2× 2nd Place – Regional Kickboxing Competitions

Technical Skills

Programming Languages: Python, HTML, CSS

Self-taught web development and programming

Strong interest in cybersecurity fundamentals

Languages

Uzbek – Native

English – Intermediate (planning to take IELTS in September)

Russian – Conversational

Extracurricular Activities

Martial Arts (Taekwondo, Kickboxing, Muay Thai)

Competitive quiz games (Zakovat)

Independent coding and cybersecurity exploration

Why KAIST & Cybersecurity?

I have always been passionate about programming and problem-solving. In Uzbekistan, the field of cybersecurity is still emerging. I want to study at KAIST because of its world-class education, cutting-edge research, and its reputation as one of the top institutions for science and technology. My goal is to return to my country and become a leader in the field of cybersecurity, helping protect digital infrastructures and educate the next generation.
